An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Claims 1-13 are cancelled.

No call for this cancellation was necessary as the claims were non-elected without traverse in applicants' response received 10-24-03.

The following is an examiner's statement of reasons for allowance: Although it is maintained that it would have been obvious to have employed the individual additive components recited by the claims as motivated by the reasons set forth in the Office action mailed 11-17-03, such a position is moot as the prior art does not teach or fairly suggest the intermixed employment of polyethylene wax and PTFE in the formation of polyurethane foams as is now claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
